EJS Auction Update

Sam Ford

As the Chairperson of the Board it is my privilege to work with many wonderful people across the U.S. and Canada. I have recently had the opportunity to just visit different tournaments and experience flyball in regions that I have not had the privilege of racing in. We as a sport are doing well and making progress on many fronts to make this a better sport for all. I would like to express my appreciation to Brett Williams, Judy Hagan and Dale Smith for their many years of honorable service on the Board. They will be missed as each contributed a great deal to the successes of NAFA®. They each continue to serve and work for the betterment of all of us even as we speak.

Now to the Auction of EJS. As you will read within these pages we have tried to auction 5 sets of older EJS's. Because of a computer software problem, what was expected to happen and what was approved to happen didn't take place. Instead of the auction staying open until midnight CST time, the software shut down the bidding process early and locked out bidders who were intending to participate. It was not our intention for this to happen but when things go wrong we are faced with hard decisions. The Board has chosen to not accept the bids that have been submitted and to re open the auction for a shorter period of time. July 8th the auction will open and it will run for only one calendar week. The auction is reset at the minimum bid of \$700 and the lights will be sanctioned until the last day of 2007. All bidding will be on line though the web site.

Now some aren't happy that we have chosen this path, however we feel that in fairness to all the bidding process should be restarted and started over at the minimum price. No one wins when there is a mistake made and in this situation no one has won.

From the Chair

Sam Ford

First, I would like to thank the Board for their support and trust shown when they elected me as Chairperson for this year. I take this responsibility very seriously and realize that I am here to serve above all else. With the help of the other members I look forward to making flyball fairer, smoother running and a place where all of us can compete with the good sportsmanship that is a trademark of flyball.

Second, I would also like to thank those outgoing members of the Board. They each have made significant contributions to this sport. Judy Hagan, among a whole list of contributions, is continuing to work with plaques as she has done in the past. Dale Smith will continue to be a driving force in bringing new ideas, such as electronic balloting to NAFA. Brett Williams will also continue to maintain the web site and work to make communications faster, surer, and clearer for all of us. Without the contributions of these three we would still be wondering about point totals for months on end. We would not have a clue about what happened at the last board meeting and we would be worried about ever getting that award that our dog just earned. Thank you all for your years of service to this racing community.

Additionally, I would also like to look ahead and see

where we are headed. Flyball has been going in a forward direction and we will continue that movement. Rules are always an issue that must be addressed. As new situations come up, your Board must review carefully what needs to be done to keep everything as fair as possible. As you would think many hours are spent trying to be sure that no stone is left unturned when rewriting a rule. No idea is throw out without consideration of how it affects canines, teams, clubs and regions. There is no perfect destination for these rules but there is a worthy process to review ideas, revisit suggestions, reaffirm what is already in place and change what is not working. This is what we as a board are committed to do.

Also we are looking for opportunities to take bold steps forward. I have asked the Awards committee to invest time in and come up with a way to include additional titles in the sport. If you study the numbers generated, many drop out of flyball after reaching their Flyball Dog Champion title. We want to encourage people to stay and offering titles between 500 and 5000 points may be a good way to accomplish this. Therefore as we speak, this idea is being pursued.

Another bold step is to move toward supporting our Judging staff with ongoing education. Our judges committee is gearing up to find ways to make this happen NAFA wide by holding seminars specifically for current judges and learning judges. The more information that is shared across those lines, the better the sport becomes. So we have accepted this as a worthy goal in the days ahead.

Avoid the lines at Measuring GET A HEIGHT CARD!!

Avoid the hassle of measuring in the future... if your dog has raced in NAFA sanctioned events for at least a year, apply for a height card application for only \$5.00 US.

Getting a Plaque Soon? An Onyx Award?

Make sure your dog's name and your name are correct.

Check the Data Base!

If not correct notify NAFA.

Reaching into new places to encourage new teams in new areas is another goal for NAFA. Support for this will be good for all of us in the long run. More teams to race, more tournaments to attend, and more outlets for the fun of flyball. Work is being done now to continue to get the message of flyball out to new regions and into areas currently without teams.

Also we are committed to technical excellence in equipment. Prior Boards have done well at securing lights. NAFA currently has 17 sets across the regions, more than ever before in the history of the sport. We, however, have a challenge to maintain these well, while we are developing new and better ways to accomplish the task. I dream of the day when timing will be done to the thousandth of a second. I look for a day when results are all quickly posted for all tournaments and awards swiftly arrive to their destination to reward the hard work being put into training and racing.

Is all this possible? Yes. Will it happen overnight? No. But it will be happening and things will be moving forward as we work together. I have to say that I have been in flyball a long time. At my beginning, things were different, information hard to get, even points only a once a year total. Slowly but surely through the hard work and dedication of many, we moved forward. More lights, quicker information, up to date point totals. Things that were only dreams just a few years back, now a reality. With your help and your suggestions we will continue this process toward excellences in this sport and along the way we will have a great time racing the sport we all love.

Thanks from the Chair.
Sam

Judges Committee

Brian Fay

I would like to take this time to thank our new Chairman, Sam Ford for appointing me the head of the Judges Committee for this year. I am looking forward to working with Todd Morningstar, Glenn Hamilton and Paul Ferlitto on this committee. I hope as a committee we can get the NAFA® judges working on the same wavelength in all of the different regions. Also I would like to see the Judges list being used more often by the judges out there. That is a good form of communication for us to use as we can discuss rules or rule interpretations that we may have. If you are a judge and are not on this list please contact me so we can get you onto it. If anyone is thinking about becoming judge this would be a good time to do it as the busy tournament season will be starting up shortly so you can get your needed assignments completed much easier. If you are a apprentice or provisional judge I hope you can get the last of your assignments completed and mailed into me so we can get you on the road to becoming a full head judge. As we can only approve judges at our in person meetings you may want to be aware of that. Our meetings are usually in March, August & November or December each year so you will need to have all your paperwork in for these dates. I hope everyone is looking forward to the summer racing season as much as I am. See you in the ring....

Marketing will Focus on Growth

Jeff Kinsley

First of all, I would like to thank the flyball community for electing me for the Board of Directors. I am also very pleased to be serving as chairperson for the Marketing Committee. In the coming year, I'd like to focus on the growth and expansion of our sport.

While NAFA continues to grow, the rate of growth has actually been declining for the past four years. In fact, last year, for the first time in recorded NAFA history, there were fewer new dogs racing than the previous year. We need to reverse that trend.

In 2003, tournament entry fees accounted for 87% of NAFA's gross income. New CRN applications made up for another 10%. So, with nearly all of NAFA's income being generated by participation, if we want to see a bigger, better NAFA, with more EJS systems, scoreboards, hired staffers, etc., our immediate goal should be to increase the number of participants. In the coming year, the Marketing Committee will provide the catalyst for that effort.

Of course, increasing the number of flyballers will do more than just increase NAFA's revenue. Individual

clubs will benefit, as well. Expansion will ultimately bring more tournaments closer to home, more opportunities to profit from demos, and sponsorships.

To start with, the Marketing Committee will be putting together a comprehensive packet of information, aimed at starting and maintaining a new club. The packet could be made available both by mail and the NAFA Website. The goal will be that for anyone having the inclination to start a truly new flyball club, all the information needed will be at their finger tips, instantly. This packet would also make a great handout for dog-related conventions like the APDT (Association of Pet Dog Trainers) and its Canadian counterpart, the CAPPDT.

We will also begin work on a media package to be used by individual clubs, which should help clubs get media exposure and increase flyball interest at local levels. This package will include a flyball fact sheet, flyball success stories, sample press releases, and suggestions for doing public demos.

Looking toward the future, I would like to see the Marketing Committee produce videos targeting specific marketing needs, anything from promoting new clubs to selling flyball for TV spots. I would also like to have the committee develop other means for NAFA to generate revenue, such as advertising or sponsors.

Speaking for our committee, we look forward to the challenge of expanding the growth and increasing the visibility of NAFA within and outside of the dog sport community.

Abridged Board Meeting Notes

Teleconference Meeting

14 January, 2004

Board Members: Sam Ford (Chair), Ule James, Todd Morningstar, Ken Eldridge, Aaron Hughes, Brian Fay, Glenn Hamilton, Lee Heighton, Jeff Kinsley

Executive Director: Steve McAvoy

20:02(CST) – Meeting called to order by Sam Ford

Comments from E.D.

Steve offered a brief welcome to the new Board Members and turned the meeting back over to Sam.

Outstanding Business

1. Correspondence

Judy Hagan is currently handling mail to NAFA Dale has been appointed to Technology under Steve (minor discussion followed)

Glenn: Perhaps we should outline a contract with Dale regarding software, data, etc.

Steve: We already have that.

Glenn: Do we have backup?

Steve: We have a contract with Dale. We have 2 backups. The contract provides a 60 day notice to “back out” of support.

Glenn: Could we have the contract uploaded to the files section?

Steve: Yes, that can be done.

Technology Committee will present a report at the March 20 board meeting. The report will outline Report Requirements, Source Code, Backup Requirements and Frequencies, Software System, etc.

2. Auction of “old” Electronic Judging Systems (update)

Voted and approved to auction (discussion followed)

Glenn: Why are the older sets being turfed?

Steve: We’re not using much of the technology

that was in use at that time.

Sam: The condition of these sets degrades with shipping, but (they) should last a long time if a single club owns them.

Todd: The auction will take place from February to April.

(general): How many working sets of lights do we currently have?

Todd: We have 12 – 13 working sets.

Sam: Test runs of problematic lights will be conducted over the next couple of weeks.

Todd to determine status of EJS repairs and report back.

3. NAFA Mailing List (flyball.org) A digest format of messages to this list can be sent to any Board Member who requests it. Board Members are not to respond to messages from flyball.org. We do not receive a list of responses

Reports

1. Vice Chairperson/Finance - to study reports from Dale - to follow up on third-party Auditing

2. Treasurer – nothing to report

3. Technology - looking into timing systems from Signature Gear Corporation (<http://signature-gear.com>) - Dale Smith is currently following through on this - Signature Gear is reviewing our system needs (at no cost to NAFA) with an eye to providing an “off the shelf” system

Abridged Board Meeting Notes

Tampa, Florida

12 December, 2003

Board of Directors – Judy Hagan, Dale Smith, Ule James, Aaron Hughes, Todd Morningstar, Ken Eldridge (absent with a Proxy letter given to Brian Fay), Sam Ford, Brian Fay, Brett Williams
Executive Director – Steve McAvoy absent.
Call meeting to order: 8:02 am

Ken's letter of Proxy was submitted to the Directors allowing Brian to vote in his place. A discussion followed about the limits of the acting ED. Sam Ford is to be a representative for ED. Steve retains the power as ED.

Approval of minutes:

August 9, 2003 Chicago minutes were presented for approval. Sam made a motion to approve the Chicago meeting's minutes as published. Brian 2nd. All were in favor. Motion carried.

October 1, 2003 Teleconference minutes were presented for approval. Brett made a motion that they be approved as written. Brian 2nd. All were in favor. Motion carried.

October 22, 2003 Teleconference minutes were presented for approval. Dale made a motion to approve them as written. Todd 2nd. Three abstentions were heard for reasons that two were excused because their dog was involved and one abstention because of absence. Ule, Brett, Aaron in that order. Dale, Sam, Brian, Ken (p), and Todd were in favor. Motion carried.

A – Chairman's Comments

Report from Executive Director – Sam reported that Steve is shifting items to the new employee as possible. Discussions followed. Items to be passed directly to Steve on this transition.

B – Committee Reports

1. Vice Chairperson/Finance – Ule James reported that the audit is in progress with the auditor already lined up to accomplish this task. Fees discussed and work moving forward.
2. Treasurer – Dale Smith presented the treasurer's report. Numbers were presented from the last fiscal year (year ending September 30). See attached. Awards came up about the shipping across the border to Canada for plaques and awards and that they were getting hung up in Canadian customs.

The keeping of the funds in 6 month CDs to increase interest income should be moved forward to the next treasurer as it produced extra income during the year. Dale presented the ongoing need to operate off a budget. The discussion of the new treasurer was heard but will be held until after the election at the AGM is completed.

3. Technology – Dale Smith presented an EJS report. 17 new EJS sets are available. 10 Aaron sets and 7 Jason sets. Plus 5 old sets made by Coltech. 2 large displays that work with Aaron's sets of lights are available. A discussion followed about selling the old sets of lights. Dale proposed that we sell these lights with a time limit for their use. This was postponed for action under new business items. Electronic balloting was going well. 55.4% of the total ballots sent out had been returned at the time of this report through the on line system. Electronic scoring is going well and should become more main stream in the years. On line limited entry draw is available but not accessible to the public at this time. Dale would like to have it tested before it is put on line for public use. Work on this is to continue in the near future. Light problems with black sets: 1. A loose remote receiver – Jim Sova has solved this problem. 2, No red light on first dog on one side or the other or both - 3, Bad pass light comes on good pass (no pass) - 4, Bad pass no light - ; Path forward. The Board approved to run a set of Aaron lights at a fun day at Cedar Rapids and/or at the tournament the first weekend in February to see if we can identify a fix. Dale and Judy to work with Aaron to capture the necessary data during this testing. Brian presented to technology that the posting of the voting and the issuing of a challenge during the balloting process maybe considered a problem. Ule made a motion that in the future the only statistic to be provided during the balloting process is the percentage of overall ballots returned. Aaron 2nd the motion. Discussion followed. Ule called the question. For this motion Brian, Ken (p), Ule, Aaron, Sam. Against: Brett, Todd, Brett. Dale abstained for personal involvement. Motion carried.
4. Regulatory – Sam Ford presented that there are no issues outstanding for this committee.
5. Bylaws – Sam Ford- Sam Ford presented that there are no issues outstanding for this committee.
6. Disciplinary – Dale Smith report that two complaints have been presented. A motion to enter Executive Session was made by Dale. Second Todd. All were in favor.

Executive session entered 1010 AM.

1055 exited Executive Session. The board received two complaints. These were reviewed and found to be groundless and dismissed without further action.

7. Judges & Guidelines– Todd Morningstar presented the following for approval:
Geoff Brown - Apprentice to Provisional judge. Discussions followed lead by Todd. Motion by Todd to approve this. Second by Brett.
Everyone present was in favor. Motion carried.
Aimee Rockefeller - Apprentice to Provisional. Discussion followed lead by Todd. Motion by Todd to approve this. Brian seconded. Everyone present was in favor. Motion carried.
Dan Wood - Apprentice to Provisional. Todd made a motion to approve this. Second by Aaron. Everyone present was in favor. Motion carried.
Cindy Henderson - Apprentice to Provisional. Todd made a motion. Second by Brian. Discussion followed. Everyone present was in favor.
Sandra (Sam) Fisher - Apprentice to Provisional. Motion by Todd. Brian seconded. Discussion followed. Everyone present was in favor. Motion carried.
Elyse Wallingford resubmitted her application to move from Provisional to Approved. Ule made a motion to approve this. Brett seconded. Discussion followed. Ule withdrew his motion. The Board took no action on this application. Todd will respond.

A letter was received from Donna Lewis recommending Barry Freeman to move to Supervising judge. No supervising package received and committee to respond back to Donna Lewis.

A letter was received by the board from Lawrence Cox about his Supervising judgeship. Aaron to respond.

Todd submitted a list of judges who according to the records have not completed their required annual assignments. They are as listed: Susan Borup, John Fairburn, Adam Flores, Joe Houlton, and Dave Samuels. Todd is to notify each of these that they must be supervised to remain in their current status or provide us documentation to support their status.

8. Standing Rule – Todd Morningstar. No committee report.
9. Education and Training – Todd Morningstar - A request has been made by Judy for a proposal

from this committee to hold training seminars in various locations.

10. Marketing and Development – Judy Hagan – Motion made that we make plans to go to ADPT in Denver. Ule made a motion to budget \$5,000. Aaron seconded. Motion was approved by all. Dog Production is working with the NAFA merchandise and is fully operational.
11. NAFA® Videos – Judy Hagan – no committee report. Judy to verify that videos are being sent to new clubs.
12. Championships – Aaron Hughes – AGM announcement
13. Championship Tournament – Aaron Hughes – this committee to be dropped
14. Hall of Fame – Ken Eldridge – AGM announcement
15. Regional Champions – Ken Eldridge– AGM announcement
16. Clyde Moore – Ken Eldridge– AGM announcement
17. NAFA® News – Ule James – Nothing to report

Unfinished/Old Business:

1. To Do List - Dale presented the old list for revisions. A copy of the “to do” list is to be sent after the meeting for each person’s review. Brian is to open a mailbox in Toronto at MBE for us to have a Canadian address to use for setting up an account for shipping only.
2. Ballot items for height card & Box width. - Dale made a motion that the box width and the height card issues be sent to the 2004 delegates once they are assigned. Brian seconded this motion. Motion withdrawn by Dale. Dale made a motion that we remove the second height card issue from delegate consideration since there was no further proposal under the clarified rules as stated in the minutes of October 1st. Todd seconded the motion. For this motion: Dale, Todd, Brian, Ken (p), Ule, Sam, and Brett. Against: Aaron. Motion carried. Dale made a motion to send the box width question to the 2004 delegates once they are assigned. Brian seconded. Discussion followed. During this discussion it was noted that a NAFA News had been published in September that carried this ballot issue and with that issue the 90 comment period had begun. Those voting for sending it to the delegates: Aaron, Dale, Brett, Ken (p), Todd, Brian. Voting against Sam and Ule. Motion carried.
3. NAFA® web site as official communication site/ publishing minutes there. Discussion of this tabled for later meetings.
4. Logos on jumps – Ule presented that the last sentence of section 2.3 “Jumps” Rules of Racing be replaced with “Logos will be permitted on the seven

inch jump base board provided that a two inch wide white border is present on bottom and sides and a one inch wide white border is present on the top. All other jump boards are to be white.” Second by Dale. Discussion followed. All were in favor. Motion carried.

5. Lottery System entries- Clara Theiss Clara’s letter was discussed and reviewed by the Directors and there was no motion made.
6. Amanda Brown – Amanda Brown’s letter contains two proposals from James Spitznas. Discussions followed and no action was needed.
7. Brett made a motion that effective immediately the host club of a limited entry tournament will receive the first draw of the first round. Sam seconded the motion. Discussion followed. All those that were in favor: Dale, Brett, Sam, and Aaron. Opposed to the motion; Brian, Ken (p), Ule, and Todd. Vote tied. Judy’s deciding vote is in favor. Motion carried. Todd makes a motion that all lottery draws be done through the web site for all tournaments closing January 1st, 2004 or later. Seconded by Brian. All in favor: Dale, Ule, Brian, Ken (p), Aaron, Brett, Sam, Todd

New Business:

1. Clubs hosting/cohosting tournaments – Judy made a motion that only one delegate vote may be given for hosting a tournament and that vote will be assigned to the host club. Only the designated club on the sanctioning form as the “Host Club” may receive this delegate vote. Second by Ule. All in favor: Todd, Todd, Brian, Ken (p). Against: Ule, Aaron, Dale, Brett Motion failed for lack 2/3 majority. Todd made a motion that you can only receive one delegate vote for co hosting a year. Second by Brian. Discussion followed. Motion withdrawn by Todd.
2. Account for shipping from Canada. Brian to investigate other shipping options upon his return to Canada.
3. Letter from Pam Koons – Board Discussed this issue and Todd to write that the board is unable to assist with this matter.
4. Letter from Denise Delany regarding limited tournament closing dates – Dale made a motion to modify 6.1.c in the first sentence to “Applications for sanctioning for tournaments are to be received by NAFA at least 60 days prior to the closing date.” and delete the second sentence. Seconded by Sam. Discussion followed. All were in favor. Motion carried.
5. Advertising space in NAFA® news – Board discussed this issue and determined that there is no

interested in starting advertising at this time.

6. Rules proposal from Walter Davis – Dale made a motion to modify chapter 4 A in Rules of Racing to add to the end of the sentence, “during measuring times published by the hosting club”. Todd seconded the motion. Dale withdrew the motion. Todd made a motion to modify chapter 4 A in Rules of Racing to add to the end of the sentence, “during measuring times published by the hosting club”. No second. Motion died for a lack of a second.
7. Chapter 7 rules interpretation – Walter Davis – Already done in the November 7th, 2003 rules.
8. Letter from Mark Manning regarding tournaments – Ken to respond to Mark Manning.
9. Proposal from Ule regarding HOF & nominations – Proposal USJ-1:
Revise sentence in Policies Chapter 8, Section 8.5 – Clyde Moore Hall of Fame and Section 8.6 – Regional MVP Award: “Submit nominations to NAFA no earlier than April 1st and no later than May 31st of each year by mailing to the Hall of Fame Committee at the NAFA address.”

Ule made motion to accept USJ -1 above. Dale seconded it. All in favor. Motion carried.

Proposal USJ-2:

Add after the first sentence in the By-laws, Section 4 - Election of Directors: “Nominations for all candidates shall open 120 days and close 90 days prior to the Annual Meeting.” Returned to the by law committee.

Proposal USJ-3:

Add to the Policies Chapter 7, Section 7.6 – Implementation of Rules of Racing, Corporate Policies and By-laws. Rules of Racing, Corporate Policies and By-laws shall be published once a year by August 31st for use during the next racing year. Changes to these documents made during the racing year shall not take affect until publication and commencement of the next racing year. Motion taken under consideration

Proposal USJ-4:

Ule presented a revised form C.7 that was more in keeping with the current Policies. Both the Hall of Fame and Regional MVP Award nominations are on the same form.

Ule made a motion to add at the end of the first sentence of the section 8.5 of “Clyde Moore Hall of Fame” of “Corporate Policies and Procedures” “ or equivalent information”. Additionally revise 8.6 Regional Hall of Fame award paragraph B. “Nominations

must come from a club in that candidates region using C.7 or equivalent information.” More over delete form C. 14. C -14 is to be marked not used. A second was voiced by Dale. All in favor motion carried.

10. Club owners as delegates – Dale makes a motion to delete 4.b replace it with “All delegates shall be assigned to the club owner.” Todd seconded this motion. All in favor. Brian, Ule, Todd, Sam, Aaron, Ken (p) Against: Brett. Motion carried.
11. Bob Long’s scoring proposal – Dale spoke with Bob Long about the piece of software that scores and submits the tournament by results to NAFA by electronic means. Fees to be 15 cents per team being paid by NAFA. Total possible cost for this could exceed \$1200. Dale makes a motion for NAFA to distribute Bob’s program and that he be paid by NAFA 15 cents per team entry that is scored using his program. Bob will provide maintenance and enhancements on an ongoing basis. This agreement is non exclusive. Second by Brett. All in favor: Dale, Brian, Todd, Brett, Ken (p), Sam, Against: Ule, Aaron. Motion carried.
12. Sale of old EJS systems. Brett made a motion to sell all 5 sets of old lights on E Bay to the highest bidder. Second? No second heard. Todd made a motion that we sell the five old NAFA light sets as-is to buyers in the US or Canada through an open auction in US funds beginning February 1st and ending April 1st 6:00 pm CST. Old sets grandfathered for NAFA sanctioned competition through Sep 30, 2007. Payment is to be by certified check or M/O with payment due within 21 days. The starting bid is (to include shipping by method of our choice) to be \$700 per set. Brian seconds. All were in favor. Motion carried.

Ule exited at 18:10.

13. Electronic communication option. Dale made a motion to allow Club owners, judges, RDs and other NAFA representatives to choose to receive all NAFA correspondence electronically in lieu of paper. This choice may be changed at any time by contacting NAFA. Todd second. Discussion followed. All were in favor. Motion carried.
14. Glenn Hamilton’s letter about Limited Entry tournaments – Brett makes a motion to replace 6.1.i in its entirety with:

Limited Classes: The host club may not limit entries to less than four. The host club must accept all entries up to 6:00 p.m., local time of the Tournament Secretary, on the closing date. Teams that

get into each class are to be selected by random draw. Seed times for teams are not needed until after the draw.

- (i) The Draw shall be conducted via the NAFA website using the online lottery system. The draw must take place within 72 hours of the closing date of the tournament. Teams are to be grouped into rounds – each round shall contain only one team from each club: the first round will contain one team from every club with the host club being assigned the first draw; the second round will contain one team from every club that has entered two or more teams; the third round will contain one team from every club that has entered three or more teams; etc., until all rounds are created. Teams will be randomly drawn from each round until all teams in each round have been drawn. Rounds will continue to be drawn from, in order, until the tournament is filled. The remaining teams will also be drawn and given an alternate number, starting with alternate one until all rounds are drawn from and every team either is in the class or is given an alternate number. If the number of teams that enter the limited class are less than or equal to the limit, then no draw is required and all teams gain entry into the tournament; however, clubs are to be notified and clubs must respond per (ii) and (iii).

- (ii) Notification of the Draw: All clubs shall be notified of the results of the draw within 48 hours of the draw. Notification can be done by telephone, facsimile, email or posting to the host club’s website.

- (iii) Club Notification of the Team Entry: All clubs shall notify the host club of seed times of all teams entered and of teams they wish to withdraw within 96 hours of the draw. If a club withdraws a team that has gained entry into the class, an alternate team will be selected. Alternate teams will be selected based on the order of the draw.

Brian seconded the motion. Discussion followed. All were in favor. Motion carried

Meeting postponed 12/12/03 810 pm

Meeting resumed 12/13/03 400 pm

Meeting called to order.

Those in attendance: Judy, Todd, Brian, Aaron, Brett, Dale, Sam. No proxy’s are in effect.

15. FEO racing

Dale made a motion to replace the rules of racing chapter 6.E.

- (e) Once a team declares themselves Exhibition Only, they cannot return to regular competition. From that point on, the team can no longer obtain NAFA points or tournament points. F.E.O. teams may not run if the opposing team raises an objection with the judge. Once teams declare themselves Exhibition Only, they are ineligible for placement and shall be placed in the lowest seed of any eliminations. A club can not enter a team into a NAFA sanctioned event for exhibition only. A team running for exhibition only is subject to all the rules of competition with the exception of:

- 1) 3 or 4 dogs may be run in a heat
- 2) false starts are not in effect
- 3) any jump height from 8" to 16" is allowed at the discretion of the team
- 4) less than four breeds may be run in multi-breed classes
- 5) in the event a dog receives a flag, it may complete its run but not rerun
- 6) the judge may excuse the team from the race for failure to comply with these conditions or other NAFA rules

Second by Todd. All were in favor and the motion carried.

16. An item was presented by Dale about paper ballot. Any ballot where the security features are missing or obscured will be considered invalid, any ballot where they did not follow instructions will be considered invalid, and any ballot that is not correctly filled out will be considered invalid. All were in favor of this course of action.

Motion to adjourn. By Todd. Aaron 2nd. All were in favor.
415 pm.

Approved April 28, 2004

Abridged Board Meeting Notes

Annual General Meeting
13 December, 2003

Board of Directors – Judy Hagan, Dale Smith, Ule James (absent with proxy given to Dale Smith), Aaron Hughes, Todd Morningstar, Ken Eldridge (absent with proxy given to Brian Fay), Sam Ford, Brian Fay, Brett Williams

Executive Director – Steve McAvoy absent;

The meeting was called to order by the Chairperson in the absence of the Executive Director at 659 pm at the

Ketch Training Center.

Opening Remarks were spoken by the Chairperson on behalf of all the Board Members. Heartfelt thanks were expressed to the Host club Ketch for all the arrangements and all in attendance were thanked for attending.

The Chairperson Introduced the Board of Directors. Todd, Brian, Brett, Aaron, Dale and Sam. (A Proxy was recognized as having been given to Dale for Ule or this meeting.) Absent: Ken, Steve, and Ule.

Dale presented a Treasurers report for those in attendance. He reported that we are \$13,000 in the black for the year. He reported that lights were the largest expense for the year as we had acquired a total of 17 sets. He reported that this year was also looking good also. A financial report was passed around for all to view and to an opportunity was given to raise questions.

The chairperson asked for any outstanding ballots. No ballots were presented.

Additionally there was an introduction of the Election Committee. Dale Smith was appointed to represent the BOD member during the count. The committee was released to count ballots at 707 pm.

The Chairperson reported a number of statistics about the last year.

New Clubs in 2002 – 75; 2003 – 57
New CRNs in 2002 – 1466; 2003 1364
Tournaments in 2002 – 231; 2003 – 278
Team entries in 2002 – 7024; 2003 - 7982

Judy explained that NAFA had an outreach this past year to the American Pet Dog Trainers Conference with an eye to growing flyball in the US and in Canada.

Since the Board is down for the first AGM in this area. Judy presented the first two Onyx plaques for the region with one of the people in attendance.

Judy presented a summary of the recent changes out of the December 12th meeting. These items will be announced here and go up on the web site immediately after the meeting.

There are a couple of changes in regards to the lottery system.

- A. The host club is now going to get the first draw in the lottery. This insures that the hosting club will get at least one team in their tournament.

- B. Beginning January 1st, 2004 all Limited Classes will be required to do the drawing via the NAFA provided online lottery drawing system. This will provide a host club a fair, quick, and controlled manner to select those getting into a limited entry tournament.

In regards to the two issues that were to go to the delegates, the issue of the increase in the width of the box will go out to the delegates as soon as the 2004 delegates are assigned.

In regards to the second height card question, the Board made an interpretation of the current rule at its last meeting. The interpretation is that a dog could only be issued one height card in its life time. Due to this clarification of the current rule the board withdrew the question from the delegates.

Judy reported that NAFA currently owns 17 sets of its new electronic judging systems and 5 of the old systems. With the current quantity of the new systems NAFA does not feel that there is a need to keep the old lights in circulation. The Board has decided to make these old systems available to the NAFA community by auction. The NAFA web site will be configured with an auction system to aid in this process. Opening bids will begin at \$700 USD. The auction price includes shipping and handling. The auction will be for the light systems on an "as is" basis. The auction is scheduled to open February 1st, 2004 and run through April 1st, 2004.

Due to past issues regarding delegates and the ability of NAFA to communicate with them, the board decided to assign all club delegates to the owner of the club. This gives NAFA a single contact for all correspondence with the delegates. The club owner still has the control over whom they give delegate information to but NAFA only has to concern itself with a single contact person.

Prior to the lottery system there was need to have limited entry tournaments close 90 prior to the closing. This helped to insure better notification to clubs that the tournament existed. There was also a need for an opening date to specify a time at which tournament entries would begin being accepted. With the lottery system there is no longer a need for an early opening date as all entries are keyed into the online system and the lottery system handles the draw. The board also sees no reason to have a different requirement of limited entry tournaments in regards to the time that is required to gain sanctioning. The 90 days requirement has been changed to 60 days just the same as unlim-

ited tournaments.

And lastly, NAFA has approved the acquisition of a program to electronically score and submit tournament points for a host club. This system will be distributed via the NAFA web site free of charge to host clubs. While final arrangements have not been made, the board expects this to be available in the next couple of months. Use of this system will qualify host clubs for a \$2 per team reduction that is offer to host clubs for submitting there results electronically.

The Chair then opened the meeting to questions from the floor.

Question from the floor: Are there ever any plans to have the top winners from the regions to come together for a tournament?

Judy answered by saying that this was started and then decided by a later board that it should be dropped.

Brett answered that he had put together a plan with a bunch of other people and it was discussed on the web site trying to put together an actual formal championship type tournament. However the board decided that it was wasn't in the best interest of all teams in the sport because it was very selective to who was going to be doing it. There was also a lot of cost involved that NAFA itself would have had to put out to really make it a good event. There was also a lot of logistics around getting clubs from all over the country to some specific area. So at this point with the current limitations that we face, it made it not an effective idea. It has been tabled. All the work that has been done is being stored and we still have it so if at some time things change such as more interest in it we can at least pick it back up and we will have a good starting point to kick it off with. Judy commented that it is hard to take for example the Regional Champions because there is such a wide difference in times between Region 1's fast time and Region 17. So it was difficult to bring someone in that would be from each region and actually make it work.

Brett pointed out that the web site still contained the forum record of the discussions so they are available to catch up on the discussions. Brett also suggested that any new ideas would certainly be welcomed.

Todd pointed out that one of the biggest problems that in some areas, for example Ontario, they don't have tournaments in the winter time so their dogs are not in shape to run all year around. Now, he observed, that if you come down south you run more in the winter time because of the heat. North Carolina told Todd that they run most of their tournaments in the winter.

Question from the floor: A follow up question was voiced to having regional events like lower southeast so that by having it regionally it would make it a little easier to stage.

Brett responded that having regionalized events didn't enter into the prior formal proposal so if the questioner had ideas along these lines maybe she could share the ideas and it could help the whole idea out. Please let us know.

Question from the floor: An additional comment was

aired from the floor that it would take a national event to get TV attracted to the event.

Brett pointed out that for the first several years there may not be a good national sponsor willing to pick it up until we have it to a point where we can say this is how it has been the last several years. Showing a sponsor the event and what it looks like is needed to find that outside interest.

Question from the floor: A new question came from the floor asking if there is a way on the web site to get rid of the "old stuff". They had noticed that when they had gone to one place where the points for their dog was it was at one level yet at another place the points had been up dated.

Judy pointed out that this related to the database part.

Brett responded that there are actually several different web sites. There is "flyball.com" which is run by Andrew Mouser, out in California. This is more of a commercial site, selling goods. This site contains lots of links. There is "flyballdogs.com" which is run by Kathryn Hogg who has been online and doing internet stuff for flyball forever. She was one of the first people to get an actual mailing list put together and that has become the flyball list that everyone uses. She put her site together and it made a great resource before NAFA had a good site available. Therefore a lot of people think of "flyballdogs.com" when they think about flyball. NAFA has two separate sites. One being nafadb.flyball.org and that is the one Dale takes care of. It is the NAFA Database. It contains the statistical reporting, club owner access and all that kind of information. That is NAFADB. The actual www.flyball.org is the one that I take care of. It has all the forms, chat and all that kind of static type material. The reports and statistics that this site is pulling out are from Dale. So if you are using "flyball.org", you are getting what is currently in NAFA system and it is the most up to date stuff available. What is on "flyballdogs.com" or any of the other sites are usually things that they will be pulled at some point, date, or time and are published and put on that site. Then it might be awhile before they pull it up again to update it. So make sure you are always looking at flyball.org and if you are seeing a difference please let me know because there shouldn't be any difference.

Question from the floor: A clarification was offered that if you go into your team record or dog record you will get different totals.

Brett responded that there is a difference there. If you

go into the web site and go to club listing, it shows you the reports for your dogs and the points that they have earned, this is the most current report that you can get on your individual dog. The other reports, where it reads, for example "The top 250 dogs" or the "Breed analysis" or any of those types of reports, are only updated on a monthly basis with the reason for this being that for them to be accurate they have to go through the entire database and crunch it in order to create an HTML file. If they were doing that continuously every time a point total changed in the system it would be huge load on the server. Dale therefore chose to do this on a scheduled basis. It is typically on a monthly basis, but in reality it is when all the tournaments that occurred during a month get scored and completed. He runs the report through a certain date.

Judy added that everyone should remember that we are scoring tournaments faster than ever before but that the system allows two weeks for the host to turn in their information in to NAFA. It can be at the NAFA post office box an additional week before it starts to be distributed. So it is possible to have 4 weeks transpire before it every begins to be scored.

Question from the floor: A new question came from the floor asking "When will electronic scoring become mandatory?"

Sam responded that this hasn't even been discussed.

Brett pointed out that the same reasoning is behind continuing to publish the NAFA News as a mail out. He pointed out that not everyone has access to computer systems.

Judy commented that we have people that don't want to score their tournament. And NAFA does have a person right now that is willing to continue to hand score tournaments.

Brian pointed out that we have some tournaments that have 80 and 90 teams and that not a lot of people want to sit down and key that in. They would rather just mail it in.

Question from the floor: Question: Why isn't there a criteria listed in NAFA for Regional MVP. Brett answered for the BOD.

Brett responded that we wanted to leave it up to the regions to decide who they wanted to nominate and who they wanted to elect.

Sam pointed out that the most valuable player in Florida, at this time, may be considered on a different criteria than in Ontario that has a team running in the 15s. It is not the board's position to say who is the most valuable a region. It is totally in the hands of the regional people to do that.

Brett mentioned that this was his idea several years ago where there was an award whereby we were recognizing a person in the sport as now we don't recognize people for anything. There are a lot of people throughout the sport that have made huge contributions to the sport. There are people known from one coast to the other, even though they have never left their region. They are known for everything that they have done, dedicating them to the sport and helping other teams along the way. This is where this idea came along. As it was discussed there was an attempt at finding a way to make it work. However, we fell back on recognizing a dog from each region. There came about an understanding that there were incredible dogs in each region that weren't known outside of there region and therefore had no chance to be in the Hall of Fame. Each region had them. Dogs that carry their team, completely reliable, help them set records, whatever it is they have done really made them stand out in your mind, but across the entire US and Canada, they just wouldn't be able to generate more than 50% of the returned vote. So we decided to recognize these dogs and at the same time let the regions have the voice in deciding. So that is why there isn't much of a criteria for it.

Question from the floor: There was a question about when the Onyx pin would arrive now that the plaque was here?

Question from the floor: Question from the floor about a mention in the NAFA News that there had been contact by Disney about a big tournament.

Judy responded that, yes, there had been a contact made but that it hadn't been followed up since the thinking was that it might be a good site for the National Championship tournament. However when that idea was tabled and dropped no one really had reestablished contact and that this needed to be done.

Question from the floor: Question came about the ADPT. When was it? What was it about?

Judy responded that it was the American Pet Dog Trainers Association conference which was held in September in Orlando. There we had a booth and an opportunity to talk to people from all over about flyball. We had peo-

ple from Washington state, Canada, California, Turkey, Belgium, and more. All came by to talk about flyball. What flyball was? What was needed to start? What kind of building was needed to run a flyball tournament? Our objective was to talk to people about what it took to get flyball going. Our goal wasn't to immediately start teams but rather it was attempt to reach into areas there still hasn't been flyball. It was a way of getting the word out to the dog trainers that are holding classes in all areas of the world. Judy mentioned that the web site had an increased number of questions about flyball coming in after the conference.

Question from the floor: Is the ADPT once a year?

Judy responded that it is held in different parts of the country and that it is scheduled for Denver next year. She also pointed out that NAFA will be attending Denver this next year.

Question from the floor: What about TV coverage? Animal Planet? ESPN?

Sam answered that Animal Planet had done coverage of the Reliant Center flyball tournament in July in conjunction with their AKC coverage. How much would be seen of course is not up to us so we may end up on the cutting room floor but at least it was an effort to get coverage.

Aaron commented that Canadian TV had an Outdoor Life program that had flyball for all those in Florida watching Canadian TV. He pointed out that they do flyball on a fairly regular basis and they also show agility.

Question from the floor: What handouts did we use at the APDT?

Sam offered that we had a multimedia presentation of flyball. We had real time web access to search for teams in the person's area. We had rules available. We had racing videos, training videos, and books to suggest to those stopping in and talking. We didn't have one specific one hand out for everyone but rather we introduced them to the flyball.org web site so that they could find information out about what they were interested in.

Judy mentioned that there was brochure available. Brett pointed out that it was available on line under download documents files.

Questions concluded as counting concluded. An-

nouncement of results.

The balloting is concluded.
